DON'T IT THE TRUTH?

The other day I read a note that was sent by one of our members. The note was sent to a friend of his but I received a copy. This is what it said:

"However, names are sometimes symbolic. For instance, I also have an hibiscus named "Bobby". This one has absolutely no reason for existence except that it has the same parentage as another variety I call "J.F.K." Personally, I would not give "J.F.K." garden room except that it won a popularity contest back in 1960, and some people still like it."

"But the "J.F.K." won't be around long after I introduce a new one of mine, which I call "Barry". I was going to name it "Rocky", but changed my mind. It was a happy decision."

CHAPTER DUES ARE DUE

If you have not paid your chapter dues please do so at once. This will be the last issue of the Seed Pod you will receive if they are not paid. The plates will be pulled after this issue is in the mail.

Give your poor over-worked treasurer a lift. Pay your dues before he has to send you a dun. Thank you.
